OUR MISSION

Offering an English and German speaking conference setting – for all who would like to practice their foreign language conference skills in a professional environment. We are aware that in the European countries few professionals in the field of education have the chance to give presentations or ask professional questions in English or German, so fluency is not a prerequisite.

Creating professional discourse in the CEE region – we are dedicated to connect scholars and other professionals in the field of Education in Central- and Eastern Europe, to facilitate their academic cooperation.

TECHNICAL AIDS FOR YOUR PRESENTATION

The participants may use a multimedia projector and a computer. The presentations for the multimedia projector should be made with Power Point (.ppt) or OpenOffice Impress (.odp) and should be saved on a Pen-drive.
